PAG LIN

SENATE FILE 270

AN ACT

RELATING TO THE MILITARY CODE BY AMENDING THE POWERS OF THE  
ADJUTANT GENERAL AND BY ALLOWING THE ARMORY BOARD TO ENTER  
INTO DESIGN-BUILD CONTRACTS FOR THE CONSTRUCTION OF CERTAIN  
NATIONAL GUARD FACILITIES.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF IOWA:

Section 1. Section 29A.12, subsection 1, Code 2007, is  
amended to read as follows:

1. The adjutant general shall have command and control of  
the military division, and perform such duties as pertain to  
the office of the adjutant general under law and regulations,  
pursuant to the authority vested in the adjutant general by  
the governor. The adjutant general shall superintend the  
preparation of all letters and reports required by the United  
States from the state, and perform all the duties prescribed  
by law. The adjutant general shall have charge of the state  
military reservations, and all other property of the state  
kept or used for military purposes. The adjutant general may  
accept and expend nonappropriated funds in accordance with law  
and regulations. The adjutant general shall cause an  
inventory to be taken at least once each year of all military  
stores, property, and funds under the adjutant general's  
jurisdiction. In each year preceding a regular session of the  
general assembly, the adjutant general shall prepare a  
detailed report of the transactions of that office, its  
expenses, and other matters required by the governor for the  
period since the last preceding report, and the governor may  
at any time require a similar report.

Sec. 2. Section 29A.57, subsection 3, Code 2007, is  
amended by adding the following new paragraph:

NEW PARAGRAPH. e. Enter into a design-build contract with  
a successful bidder identified as a result of a competitive  
bidding process for a facility to be funded entirely with  
federal funds and to be used solely by the national guard or  
jointly by the national guard and other armed forces of the  
United States. A design-build contract may provide that  
design and construction of the project may be in sequential or  
concurrent phases. As used in this paragraph, "design-build  
contract" means a single contract providing for both design  
services and construction services that may include  
maintenance, operations, preconstruction, and other related  
services.
